Alliance One ATM Locator App Updates

The Alliance One ATM Locator App lets cardholders find select surcharge-free ATMs on the go with their Android and iOS devices. The app has been recently redesigned with a more modern look and feel, including improved functionality, to provide all users with a seamless digital experience.

The Updates Include:

- **Automatic location detection.** Now when you launch the app, it automatically identifies your current position. You can also click on the home icon in the bottom right corner, and the app will reset to your current location.

- **Improved search capabilities.** Search for specific ATMs by credit union name, location range, and features, such as “accepts member deposits,” “accepts all deposits,” “Plus Gateway,” “Cirrus Gateway,” etc.

- **Enhanced scroll and search functionality.** Navigate the map and search within new areas without having to enter a new search.

- **Bookmark your favorites.** Access the “Bookmark” tab to easily add favorite ATMs.

Cardholders who do not already have the mobile app installed can download it from either the Google Play Store (Android) or the Apple App Store (iOS). Cardholders who already have the app installed can just check for an update notification to the app on their respective mobile device and install it.
